

16 February 2011

Dear Parents

CCF Weapons Training Weekend Saturday 12- Sunday 13 March 2011

We have been very lucky to have been offered help by brigade with weapons training. The training area safety officer has organised ACF NCOs' to come to School on the above dates and this gives us the opportunity to train and test all of our cadets on the new A2 weapon. This will mean that any cadet attending the weekend camp on the 25 March will be able to blank fire.

The training window is as below and I would ask cadets to fill in the times they can attend. I am aware that there are fixtures scheduled for the weekend, but cadets are free to select the most convenient times.

The training will take place on the Saturday and the testing on the Sunday. The weekend is an excellent opportunity for the cadets to pass their weapons handling test so they will be able to blank fire on the forthcoming army skills weekend.

Please can I have returns as soon as possible. I must be able to inform the TSA so that he can finalise the arrangements.

Yours sincerely

Capt B W Sheldrick
