

15 July 2010

To all Senior School Parents

Dear Parents

Brunel Science Lecture – Thursday 16 September 2010

This annual lecture is intended to celebrate not only Portsmouth’s most famous scientific son, I K Brunel, but also the remarkable achievements of our own young scientists and the extraordinary popularity of the sciences at the school.

We are delighted to have the opportunity to welcome Dr Philip Ball, a freelance science writer. He is a columnist for Chemistry World and Nature Materials, has presented a three-part TV serial on nanotechnology, and is Science Writer in Residence at the Department of Chemistry, University College London. Philip will be giving a presentation entitled *Beautiful Experiments in Chemistry*. This lecture is open to all pupils and parents, but would be of particular interest to sixth form pupils.

The talk commences at 7.30 pm in the new Science Centre Theatre, with drinks available from 7.00 pm in the Atrium.

Seats are limited, so if you would like to attend, you are kindly asked to complete and return the reply slip below, as soon as possible.

Yours sincerely

To: Mrs D C King, The Headmaster’s Secretary, The Portsmouth Grammar School, High Street,
Portsmouth, Hants PO1 2LN Tel: 023 9236 4268 Email: d.king@pgs.org.uk
