

05 May 2011

To: All parents of Year 10 pupils

Dear Parents

Diphtheria, Tetanus and Polio Booster Inoculations - Friday 10 June 2011

The School Doctor is arranging a vaccination session at the School on the morning of **Friday 10 June 2011**. You may, if you wish, make arrangements with your own GP.

It is recommended that this booster dose be given, even if a tetanus vaccination has been received since the pre-school booster at the age of 4 years.

I would appreciate it if you could complete the slip below, **even if you do not wish your child to be vaccinated, and return it to the Medical Centre no later than Monday 16 May 2011**.

Please note that the school is unable to inform individual GP's of any inoculations that are done at the school, so please make a note of the date it is carried out and inform your child's doctor in order that their medical records are kept up to date. If you have questions or queries regarding these inoculations please do not hesitate to contact the medical centre on 02392 364243.

Yours sincerely

Sister Deborah Wright
School Nurse

To: The Portsmouth Grammar School Medical Centre, **no later than Monday 16 May 2011**.
